

## Availability of Heavy Duty, Dry Block, Sunlight Resistant, Indoor/Outdoor Plenum Single Mode Optical Fiber Distribution Cable

Superior Essex announces the availability of Heavy Duty, Dry Block, Sunlight Resistant, Indoor/Outdoor Plenum Distribution Cable. The cable is available in 6, 8 and 12 Single Mode optical fiber configurations. The cable is designed to survive the toughest installation and environmental conditions. With its proprietary thermoplastic jacket, the cable is resistant to mechanical abrasion, chemicals, oils and sunlight. Fully compliant to ANSI/ICEA S-104-696, the cable meets all tensile loading and operational temperature requirements for indoor and outdoor applications, while its plenum rating allows the cable to be placed in both riser and plenum spaces.
